**Skiathos** is the first of Sporades islands with exceptional beauty and more than enough deep blue beaches (60+) to explore.

Skiathos has everything... high bleached white cliffs, fine golden sand beaches backed by pine forests; water sports, scuba diving, elegant and cosmopolitan nightlife... all at under the best Mediterranean weather.

The island is 12 kilometers long and 9 kilometers wide. There is only one large settlement: Hora (Skiathos Town) and approximately 5,000 residents. The main road is 14 kilometers long and connects Skiathos Town to the well-known Koukounaries beach.

Getting to Skiathos is relatively easy, if you do the following:
